How To Apply to be a Judge with the Ohio Academy of Science

get started at https://projectboard.world/oas and click on "JUDGE"
Whether you are new or existing user click here to apply to become an OAS Judge.
The judging application process will take 3-4 Minutes. Only click "Get Started" if you are ready to apply.
If you are a new user fill in the information required to "Sign up"

If you are existing user click login to apply

If you are logged in when you begin the application, you will not see this screen.

You will be prompted to log in or sign up
Step 1 - Personal Information:
All Judges

There will be five steps to this form. The first three steps must be completed by all judges. The remaining two sections are event specific. Please note which event is stated in the instructions.

Step 1 Personal Information, as shown, should be completed by All Judges
Step 2 - Skills and Experience: All Judges

You can select multiple programs that you are interested in judging for. Please indicate here if you are interested in applying for:

- District Science Day
- State Science Day
- Believe in Ohio
- Buckeye Science and Engineering Fair
Please select the categories that are most applicable to you, based on your skills and experience.
Step 4 - District Science Day Only

These questions are only applicable if you are applying to be a District Science Day Judge. If this does not apply to you, please select not applicable (N/A) and continue.
These questions are only applicable if you are applying to be a Believe in Ohio Judge. If this does not apply to you, please select not applicable (N/A) and continue.
You will see the registration confirmation page and also receive a confirmation email.

If you experience any technical issues during registration, please reach out to ProjectBoard support at support@projectboard.world. If you have any judging questions please feel free to reach out to amcmurry@ohiosci.org.
